Insurance-related questions to ask your eye care provider.

Are you an approved provider for my particular vision care insurance plan?
Notes: ____________________________________________________
________________________________________________________________________________________________

Are any vision problems I’m experiencing considered a medical condition that should be filed under my medical insurance rather than my vision insurance?
Notes: ____________________________________________________
________________________________________________________________________________________________

Do I file the claim with my insurers or will your office?
Notes: ____________________________________________________
________________________________________________________________________________________________

Am I limited to only certain types of frames and lenses in order to be covered by insurance?
Notes: ____________________________________________________
________________________________________________________________________________________________

Does my insurance plan cover multiple pairs of glasses, such as prescription glasses and prescription sunglasses?
Notes: ____________________________________________________
________________________________________________________________________________________________

When should I schedule my next office visit, and how many visits does my insurance cover annually?
Notes: ____________________________________________________
________________________________________________________________________________________________

Does insurance cover my needs or my child’s needs for prescription protective eyewear for the sports or activities we engage in?
